

Domenico Sacco

Profile

I am 24, master graduate in Computer Engineering at the Polytechnic Institute of Bari

Education

Academy Student, Fincons Academy, Bari, Italy

January 2019 – February 2019

5 weeks of academy (200 hours)

- Front-end and Back-end web development
- Java technologies: J2EE, JSP, JPA, JDBC
- Javascript, Typescript, HTML5 and CSS3
- Angular JS (Version 7)

Master's Degree in Computer Engineering – Information Systems, Polytechnic Institute of Bari, Bari, Italy

September 2016 – December 2018

Final evaluation: 110/110 cum laude (First Class with Honors)

- Internet Of Things, Process automation and system control
- Informations Systems Security
- Business Intelligence

ERASMUS Student Mobility for Study, Polytechnic Institute of Bragança, Bragança

September 2017 – July 2018

10 Months experience abroad

- Decision Support Systems and Artificial Intelligence
- Project Management
- Web Development
- Business English

Bachelor's Degree in computer engineering, Polytechnic Institute of Bari, Bari, Italy

September 2013 – September 2016

Final evaluation: 110/110

- Software Engineering
- General Physics, Mathematics and Statistics
- Business Economics and Organization
- Basics of Electronics and Telecommunications

Scientific High School diploma, State Institute of Higher Education Nicola Fiani, Torremaggiore, Italy

September 2008 – July 2013

Final diploma Evaluation: 100/100

- Basics of Physics and Mathematics
- Chemistry, Biology and Earth Science
- Hystory and Phylosophy

Details

Bari, Italy, +393245456609

sacco.domenico.1994@gmail.com

Date / Place of birth

1994-12-30

Foggia, Italy

Nationality

Italian

Skills

C

C++

Java

Python

PL/SQL

PHP

XML, DTD

HTML5, CSS3, Javascript

MATLAB

Angular JS

good command of office suite
(word processor, spread sheet,
presentation software)

Languages

English

Portuguese

Italian

Hobbies

Foreign languages, Reading

Achievements

Graduate of the Year 2018 at Polytechnic Institute of Bari

December 2018 - December 2018

Bari, Italy

This recognition was firstly introduced in the same year and is given by the "Polytechnic Alumni Association", an association formed by the former Polytechnic Students

Student conference speaker

April 2012 - April 2012

Torremaggiore, Italy

Student conference speaker at the XIII National Math Congress

Thesis works

Master's thesis

July 2018 - December 2018

Master's thesis in Advanced Software Engineering entitled: "Design and development of a framework to manage variability in Self-Adaptive systems through goal derivation and refinement"

Bachelor's thesis

May 2016 - September 2016

Bachelor's thesis in Software Engineering: "Systematic Mapping Study on software ecosystems"
